## About Meaza

**Meaza** sets out from İstanbul 7 years ago and offers natural flavors that everyone can consume safely. **Meaza** continues the commercial activities today at its headquarters in Şişli İstanbul, providing several of products wich is spices of **East Africa's unique flavor to millions of people.**

With years of experience and knowledge, **Meaza** is a company which works with passion. Since its establishment, it has been manufacturing quality products with utmost care in accordance with its structure bringing together traditional and modern lifestyles. With its working principles that have been maintained to this day, Meaza is committed to achieve **100% customer satisfaction** with quality displayed at every stage from product supply to production, from packaging to distribution and presentation.

# Production

In accordance with the requirements of the Turkish Food Codex and Spice Communiqué, **Meaza** conducts its screening, sorting, gridding and packaging in a sanitary environment at its production and packing plant in İstanbul.

**Meaza** proceeds by following the international quality standards in every step. This is why **great attention is paid to make sure that all its products comply with legal regulations, standards and producers**, and are suitable for human health. **Meaza**, which provides consumers with reliable products of the highest quality standards and thus serves as a pioneer in its sector, continues to make great efforts in coordination with its food technicians, agricultural and food engineers, and employees to carry out this commitment with excellence.

Healthiest product

## R&D

Meaza has adopted the principle of offering the healthiest product to its customers by continuing to develop its strategy and knowledge based on its experience with experts in their fields.

Our policy

# Policy

All the products we produce are controlled by the Turkish Ministry of Agriculture and international laboratory organizations.

How we work

# Factory

## Sorting and cleaning Step

The product are selected from different ingredients with care to maintain a uniform flavor at all stages of production.

We clean the products using dust sorting machines, metal materials and unsuitable grains to ensure product quality and free of harmful substances.

## Testing Flavor

To ensure the correct flavor and original taste of the product, Samples are taken continuously.

After each step of production the samples are checked and compared with the correct results to insure the best taste and flavor.

## Quality Test

The product is filled after passing all stages of production and testing with the latest packing machines

The package, weight, packaging, method, preservation and expiry date are tested to reach the consumer in the most appropriate form.
